BRIEF CV

Aysegul TAYLAN OZKAN completed her primary education in Cankiri and Mugla, Turkey. She continued her secondary and high school education at Izmir Karatas High School. She was entitled to be a TUBITAK (The Scientific and Technological Research Council of Turkey) scholarship student with the exam she passed during her high school education. She received a Sabanci Foundation scholarship during her education while studying at Ege University Faculty of Medicine, as she placed in the top 400 in the nationwide university entrance exam. After graduating from Ege University Faculty of Medicine, Izmir in 1989, she completed her compulsory service in Sivas Sarkisla Central Health Center for two years. TAYLAN OZKAN worked in Ballikuyu Health Center and Urla State Hospital in Izmir as general practitioner. She continued her Ph.D. in Parasitology and at the same time her second university education on Public Administration Department in Dokuz Eylul University. In 1996, TAYLAN OZKAN was invited to carry out the responsibilities of various units in General Directorate of Health Transition Projects Coordination, Ministry of Health, Turkey. In 2001, she took part in the Refik Saydam National Health Center (RSNHC) and worked as a director of Parasitology Reference Laboratory. In addition, she had been an either director or a member of several advisory boards such as Quality, Laboratory Safety, Hospital Infections, and several notifiable parasitic diseases such as malaria, leishmaniasis, toxoplasmosis, cystic echinococcosis. Contributed to the coordination and delivery of

Prof. Dr. Aysegul TAYLAN OZKAN

hundreds of in-service trainings inside and outside the institution; she took part in European Union Projects as an educator, coordinator and trainee. During this period, TAYLAN OZKAN continued as the Editor of the Turkish Journal of Hygiene and Experimental Biology from 2006 to 2012. She is currently the deputy editor of the aforementioned journal, co-editor of PLOS Neglected Tropical Diseases and a member of the Flora Journal Editorial Board. In addition to that, she is also on the advisory board of many national scientific journals.

With the scholarships TAYLAN OZKAN won, she studied in England, America, Japan, and Israel during and after her doctorate degree. She was selected as a Lead Researcher by the World Health Organization Tropical Diseases Research Fund scholarship and did her internship in Geneva. She gained experience in providing undergraduate/postgraduate education at different universities in the country and abroad and took part in various research. She became Associate Professor in December 2008. In 2013, TAYLAN OZKAN was appointed as the Head of the Microbiology Department of the Hitit University Faculty of Medicine and gained the title of professor in 2014. Until March 2021, she served as the Deputy Dean of the Faculty of Medicine, the Director of the Institute of Health Sciences, the Editor of the Hitit Medical Journal, the Advisor to the Rector and the University Quality Coordinator. Retiring in March 2021, Dr. TAYLAN OZKAN is currently working at TOBB University of Economics and Technology, Faculty of Medicine, Department of Medical Microbiology, Ankara. Currently, besides being a faculty member, she also carries out the duties of coordination of the accreditation processes of the Faculty of Medicine and a member of the University Quality Commission.

Dr. TAYLAN OZKAN's studies mainly focused on parasitology, vector-borne diseases and zoonoses in the field of microbiology. She also deals with laboratory safety, quality-accreditation as well as biotherapy (hirudotherapy, apitherapy and maggot therapy). She has worked as a chapter writer and translator in more than 40 scientific books, as a researcher and coordinator in nearly 40 national and international projects. She has nearly 150 articles in national and international refereed journals and more than 200 papers presented in scientific meetings. TAYLAN OZKAN is the general secretary of the International Biotherapy Society and has been also working for YOKAK (The Higher Education Quality Council of Turkey - THEQC) in various positions as evaluator, head of evaluating team and mentor since 2018.

EDUCATIONAL BACKGROUND

Degree	Department/Program	University	Year
M.Sc.	Medicine	Ege Univ, Faculty of Medicine, Izmir	1989
B.Sc.	Public Administration	Dokuz Eylul Univ, Faculty of Economics and Administrative Sciences, Izmir	1996
Ph.D.	Parasitology Obtaining excretory/secretory and somatic antigens in fascioliasis hepatica diagnosis; Application of ELISA method and comparison with IHA method	Ege Univ., Izmir	1999
Assoc. Prof.	Medical Microbiology	T.R. Interuniversity Board Presidency (by oral examination and evaluation of academic portfolio)	2008
Prof.	Medical Microbiology	Hitit Univ, Faculty of Medicine, Corum	2014
Prof.	Medical Microbiology	TOBB-ETU, Faculty of Medicine, Ankara	2021

PROFESSIONAL EXPERIENCES

Date	Institution/Organization	Position
1989-1996	Primary Health Care Services Units (Sarkisla-Sivas, Ballikuyu-Izmir, Urla-Izmir), T.R. Ministry of Health (MoH)	General practitioner, MD
1996- 2000	Management Reform Unit & Project Coordination Unit, General Directorate of Health Transition Projects Coordination (SPGK), T.R. Ministry of Health, Ankara	Unit Officer, MD, and Public Administration Specialist
2000-2013	Refik Saydam National Health Center, T.R. Ministry of Health, Ankara	Laboratory Chief, Deputy Head of Department of Communicable Diseases Section, Norm Staff Deputy Coordinator, Unit Quality Representative, Turkish Journal of Hygiene and Experimental Biology Editor
2012-2021	Near East University, Faculty of Medicine, Northern Cyprus	Guest Faculty Member
2013-2021	Hitit University, Faculty of Medicine Corum	Professor, Head of Department, Head of Laboratories and Blood Bank, Advisor to the Rector, University Quality Coordinator, Faculty Board Member, Faculty Administrative Board Member, Health Sciences Institute Director, Tick Research Center Founder and Director,
2018-...	The Higher Education Quality Council of Turkey (THEQC), Ankara	Member and/or Head of Evaluation Teams and Mentor of Universities on Quality
2021-...	TOBB University of Economics and Technology, Faculty of Medicine, Ankara	Professor, Program Accreditation Coordinator, Faculty Board Member, Faculty Administrative Board Member, University Quality Commission Member

AWARDS & INTERNATIONAL EXPERIENCES

Name	Institution/Organization	Date
TUBITAK (The Scientific and Technological Research Council of Turkey) Scholarship	During education in Izmir Karatas High School	1981- 1983
Haci Omer Sabanci Scholarship (for most succesful 400 highschool graduates)	During education in Ege University, Medical School, Izmir	1983 – 1989
T.R. MoH Scholarship	Molecular biology of Malaria The Institute of Molecular Medicine, Oxford University, Oxford, UK	01.11.1992/ 01.02.1993
T.R. MoH Scholarship	Managing Successful Training Programs Management Sciences of Health (MSH-USA), Egypt	28 October- 15 November 1996
Israel Ministry of Foreign Affairs Scholarship	Health Systems Management Training Galilee College, Netanya, Israel	5-24 May 1997
TUBITAK (The Scientific and Technological Research Council of Turkey) NATO B1 Scholarship	Molecular biology of <i>Fasciola hepatica</i> Department of Parasitology, Hadassah Medical School, Hebrew University Jerusalem	20.01.2000/ 30.06.2000
Wellcome Junior Research Fellow	International Congress of Phthiraptera, Brisbane, Australia	July 2002
Guest Researcher (<i>Giardia</i> and <i>Cryptosporidium</i>)	Department Microbiology & Immunology, College of Veterinary Medicine, Cornell University, USA	29.03.2004- 23.04.2004
Poster 1st Prize	IV.National Symposium on Infections Transmitted by Digestive Tract, Mersin	16-20 May 2005
JICA Fellowship (Control of parasites)	Japan Association of Parasite Control (JAPC) & JICA, Tokyo, Japan	01.01.2007/ 01.02.2007
TUBITAK (The Scientific and Technological Research Council of Turkey) Guest Scientist Invitation Support Program	Prof Dr Dwight BOWMAN, Cornell University, USA; Refik Saydam National Health Center, Ankara " <i>Giardia</i> and <i>Cryptosporidium</i> Hands on Workshop"	2008
Trainee and Project Team Member (MATRA EU)	Laboratory Biosafety Training of Trainers (MATRA EU Project, with the collaboration of RIVM & Leiden HoghSchool, Netherlands)	24.08.2008- 30.08.2008
Commendation (Contribution to the Turkish Journal of Hygiene and Experimental Biology)	Refik Saydam National Health Center, MoH, T.R., Ankara	2009
WHO/TDR Fellowship (Leader Scientist Education)	WHO, TDR, Geneva, Swiss	10.05.2010- 28.05.2010
ESCMID Sponsorship (Organizing Basic Parasitology Workshop)	International Workshop, Refik Saydam Hygiene Center Presidency, MoH, T.R., Ankara	11-15 April 2011
Trainee (Funded by the World Bank, Health Transformation Project)	Diagnostic Parasitology Courses (including molecular techniques) (Department of Parasitic Diseases -DPDx, Center for Disease Control and Prevention -CDC, Atlanta, USA)	12.10.2011- 29.10.2011
Best Oral Presentation 1st Prize	XXXVII. Turkish Microbiology Congress	16-20 Nov 2016

MSc and PhD THESIS CONDUCTED AS SUPERVISOR OR CO-SUPERVISOR

Msc/PhD, Country, and University	Name of Thesis and Year Finished	Related Publications
MSc; Jean Paul Komaleke BATEKO, DRC Health Sciences Institute, Near East University, Northern Cyprus	An Inquiry into Sulfadoxine-Pyrimethamine Resistance among the Pregnant Women who Receive Intermittent Preventive Treatment, 2015	Ruh E, Bateko JP, Imir T, Taylan-Ozkan A. 2018. Prevalence and risk factors of intestinal protozoan parasitic infections among diarrheic HIV/AIDS patients on art in selected hospitals in Abuja, Nigeria. <i>Fresenius Environmental Bulletin</i> 2022; 31 (5), 5235-42.

PROJECTS

INTERNATIONAL

1. Strengthening of the Epidemiological Surveillance and Control of Communicable Diseases System (ESCCDS) in Turkey - I, EU Project (ESCCDS-TR0403.06), **Team member**, 2004-2008.
2. Strengthening of the Epidemiological Surveillance and Control of Communicable Diseases System (ESCCDS) in Turkey - II, EU Project (ESCCDS- TR0503.13), **Team member**, 2005-2009.
3. Strengthening of the Epidemiological Surveillance and Control of Communicable Diseases System (ESCCDS) in Turkey - III, EU Project (ESCCDS-TR0802.16), **Team member**, 2010-2011.
4. Strengthening of the Epidemiological Surveillance and Control of Communicable Diseases System (ESCCDS) in Turkey - III, EU Project (ESCCDS-TR0802.16), **Coordinator of Laboratory Section**, Nisan 2012-2014.
5. Azerbaijan Republic Health Sector Reform Project: World Bank Project (HSRP/ Trainings for staff of regional hygiene centers/TR/SSS/6.08-1) **Trainer**, 2013.
6. Keep Lab Safety Keep You Healthy - Erasmus+ EU Project, 2017-1-TR01-KA202-046148, **Project Partner**, 2017-2019
7. A Universal Strategic Necessity: From Molecule To Drug - 2022-1-TR01-KA220-VET-000088373, **Project Partner**, 2022-...

NATIONAL (T.R. & T.R.N.C)

1. Investigation of Leishmaniasis in Corum Province - Ege University Scientific Research Project Support (2002-TIP-020), **Researcher**, 2002
2. Microculture Method and Investigation of Visceral Leishmaniosis Prevalence with IFAT in Dogs in Kirikkale- Kirikkale University Scientific Research Project Support (BAP-2006/21), **Researcher**, 2006-2009.
3. Helminthiasis Control Program in Primary School Children: Pilot Study in Corum Province- RSNHC-MoH Scientific Research Project Support, (21/08/2007-14065), **Coordinator**, 2007-2011.
4. Establishment of Laboratory Safety in Refik Saydam National Health Center - MATRA Project (MAT07/TR3/4). RIVM/Netherland & RSNHC, **Traniee**, 2008-2009.
5. West Nile Field Research: Sakarya, Edirne, Mugla, Manisa- RSNHC-MoH Scientific Research Project Support, (01/06/2011-13723), **Researcher**, June-October 2011.
6. Determination of human leishmaniasis seroprevalence and the causative *Leishmania* species in Northern Cyprus, Hitit University Scientific Research Project Support, **Coordinator**, 23.07.2014-23.07.2015
7. Investigation of sulfadoxine-pyrimethamine resistance in pregnant women who received intermittent preventive therapy, Hitit University Scientific Research Project Support, **Coordinator**, 31.10.2014-31.10.2015
8. Investigation of the humoral immunity response to pneumococcal vaccine in patients with splenectomy and the risk of pneumococcal infection, Hitit University Scientific Research Project Support, **Researcher**, 31.10.2014-31.10.2015
9. Investigation of cellular immunity response to pneumococcal vaccine in patients with splenectomy, Hitit University Scientific Research Project Support, **Researcher**, 2015-2016

10. The role of Treg cell population and functions in the pathogenesis and its relationship with disease severity in Crimean-Congo Hemorrhagic Fever, Hitit University Scientific Research Project Support, **Researcher**, 2015-2017
11. In the Turkish Republic of Northern Cyprus, *Blastocystis* spp. determination of its prevalence and active subtypes by molecular methods. Hitit University Scientific Research Project Support, **Researcher**, 2015-2017
12. Species distribution and microbial agent carrier of ticks infesting humans in Corum Province. Hitit University Scientific Research Project Support, **Researcher**, 2015-2017
13. Investigation of Echinococcosis Seroprevalence in Humans in the Turkish Republic of Northern Cyprus. Hitit University Scientific Research Project Support, **Coordinator**, 2015-2017
14. Determination of *Blastocystis* subtypes by classical and molecular methods in children with prediagnosed functional abdominal pain in Corum. Hitit University Scientific Research Project Support, **Researcher**, 2015-2017
15. Investigation of neglected protozoa (*Dientamoeba fragilis*, *Enterocytozoon bienensei*, *Encephalitozoon sp.* and *Blastocystis sp.*) in cases with diarrhea by conventional (microscopic examination, culture) and molecular methods. Hitit University Scientific Research Project Support, **Coordinator**, 2016-2018
16. Investigation of T and B memory cell response to pneumococcal conjugate and pneumococcal polysaccharide vaccines in patients with splenectomy. Hitit University Scientific Research Project Support, **Researcher**, 2016- 2018
17. CD4+ T-cell immune response against *Demodex* mites. Hitit University Scientific Research Project Support, **Coordinator**, 2016- 2018
18. The Role of JC and BK Polyomaviruses in Infertility. Hitit University Scientific Research Project Support, **Researcher**, 2016-2019
19. Inhibitory Activity of Lichen Secondary Metabolite Usnic Acid Against *Leishmania* sp. Parasites. Hitit University Scientific Research Project Support, **Researcher**, 2016-2017
20. Anti-pneumococcal vaccine-specific IgG antibody level and IgG avidity change due to splenectomy. Hitit University Scientific Research Project Support, **Researcher**, 2017-2019
21. Detection of *Echinococcus* species and genotypes in formalin-fixed paraffin-embedded tissues by PCR and sequencing methods. Hitit University Scientific Research Project Support, **Researcher**, 2018-2021
22. Seroprevalence of Crimean-Congo Hemorrhagic Fever in Risk Groups in Corum Province. Hitit University Scientific Research Project Support, **Researcher**, 2018-2022
23. Investigation of phenotypic and genotypic characteristics of *Acinetobacter baumannii* clinical strains. Hitit University Scientific Research Project Support, **Researcher**, 2019-2021
24. Evaluation of Intrauterine Toxoplasmosis Risk in *Toxoplasma* Serology Positive Pregnants. Hitit University Scientific Research Project Support, **Researcher**, 2018-2021
25. Is the intestinal microbiota effective in the development of hyperemesis gravidarum? Hitit University Scientific Research Project Support, **Researcher**, 2018-2021
26. Molecular Detection of *Toxoplasma gondii* in Milk of Farm Animals in Corum Province. Hitit University Scientific Research Project Support, **Researcher**, 2019-2022
27. West Nile Virus in Northern Cyprus. Near East University Scientific Research Project Support, **Researcher**, 2016- 2017
28. Determination of Ticks Infesting Street Dogs Rehabilitated at the Animal Shelter of Corum Municipality of Veterinary Affairs Directorate and Investigation of Zoonotic

Pathogens Carried by These Ticks, I Have a Project for Corum - Corum Municipality Scientific Research Project Support, **Researcher**, 2018-2019

29. HITU (Hitit University) Children University, Science and Society Fund, TUBITAK (The Scientific and Technological Research Council of Turkey), **Coordinator**, 2018-2019
30. HITU (Hitit University) Children University, Science and Society Fund, TUBITAK (The Scientific and Technological Research Council of Turkey), **Researcher**, 2019-2020
31. Introduction to Academic Skills for Undergraduate Students in the Field of Health Sciences and TUBITAK Project Writing Education Scientific Education Activities Support Program TUBITAK (The Scientific and Technological Research Council of Turkey), **Researcher**, 2019-2020
32. Diversity of Actinomycetes in Forest Soil Subject to Different Blood Groups in Corum. Hitit University Scientific Research Project Support, **Coordinator**, 2020- 2022.
33. Foxp3 Phosphorylation in Acute Crimean-Congo Hemorrhagic Fever: Mathematical and Experimental Approach. Interdisciplinary Research Project, Technology Transfer Office, TOBB Economy and Technology University, **Coordinator**, 2021- ...

EDITORSHIP

INTERNATIONAL JOURNALS

- PLOS Neglected Tropical Diseases, Associate Editor (2012-2020), Deputy Editor, (2020-2022), Academic Editor (2022-..)

NATIONAL JOURNALS

- Turkish Bulletin of Hygiene and Experimental Biology, Editor (2006-2013), Deputy Editor, (2013-..),
- Flora, Member of the Executive Board (2012-..)
- Middle Black Sea Journal of Health Science, Member of the Executive Board (2014-..)
- Hitit Medical Journal, Editor (2019-2021), Member of the Executive Board (2021-..)
